

Advanced digital thermostat

AIR CONDITIONER

MODEL : WINE-R V2

TECHNICAL CHARACTERISTICS

COOLING CAPACITY	2500 BTU
TEMPERATURE RANGE	10°C - 25°C / 50°F - 77°F
DIMENSIONS	H 8,78" x L 15,35" x P 16,22" H 223mm x L 390mm x P 412mm
WEIGHT	19 kg (42 lb)

SPECIFIC CHARACTERISTICS

EVAPORATOR AND CONDENSERS	0.25mm + 0.18mm + epoxy
MATERIALS / TUBING	Copper
POWER	1/5 HP (0.20)
CIRCUIT	15A / 115V
REFRIGERANT	R134A
FAN MOTOR	25W
NOISE	48 decibels (A)
AIR FLOW	120 CFM
DECORATIVE GRILL	Metallic black
BODY FINISH	Galvanized black
INTERNAL CASE INSULATION	Yes (Polyethylene)
RECOMMENDED ROOM INSULATION FACTOR FOR OPTIMUM RESULTS AND SERVICE LIFE	R-20
WARRANTY	2 years

THE WINE-R V2 BENEFITS

Performance & efficiency: The air conditioner provides fast, precise cooling, maintains a constant temperature between 10°C and 25°C, and does so discreetly thanks to its silent operation. Its digital thermostat allows easy, precise adjustment.

Durability & quality: Designed to last, this product benefits from meticulous manufacturing and top-of-the-range materials (copper, epoxy). Its effective insulation and superior compliance with Canadian standards make it a reliable and durable choice.

Easy to install and use: Designed for intuitive use, this model is quick to install thanks to a video guide. Its compact, lightweight format makes it easy to handle, while its elegant design makes it a decorative feature.

Peace of mind: Our commitment doesn't end with the sale. Take advantage of superior after-sales service in Quebec and a two-year guarantee for total peace of mind.
